Wines with true character and personality

Behind these outstanding wines, of course, are Austria's talented and passionate winemakers. In recent years these enterprising wine entrepreneurs have cleverly combined traditional wine making techniques with modern vinification methods.

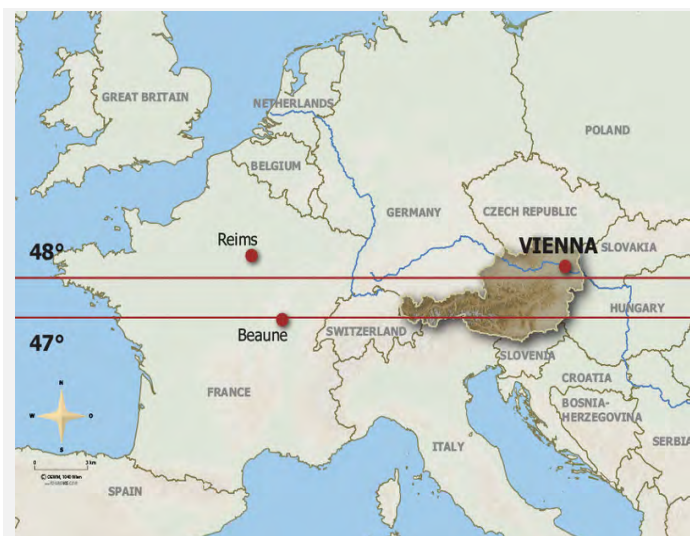

"Absolute quality" is their motto, and absolute success has been the result

Another distinctive feature of Austrian wines is their diversity: white wines ranging from light crisp to full-bodied age-worthy; outstanding red wines and sweet wines that reveal finesse as well as inner tension.

What they all have in common is that they undisputedly rank amongst the best in the world. And what experts all across the globe appreciate most about Austrian wines is that they can be

Carnuntum www.netzl.com

Vineyard: 28 hectares (69 acres)

Wine Region Carnuntum: Years of tradition characterize the wine growing area of Carnuntum. After the Celts, this region experienced a glorious epoch under the Romans. The Heidendor, the symbol of our wine growing region in Carnuntum, is just one of the awesome excavations you can visit in the Carnuntum Archaeology Park.

Carnuntum Climate: Characterized by warm and dry late summer and fall season, but cold nights. Especially the regular lively winds are typical in the Carnuntum region between lake Neusiedl and river Danube

Pannonian Lowland & lake Neusiedl: In the Southeast brings constantly warm late summers. The chain of hills is sickle-shaped and warmed up by the sun from the early morning until the late evening. Therefore we can harvest perfectly ripe grapes with intense fruit and silky aromas.

River Danube: In the North brings cool winds specially during the nights and therefore spice and freshness to our wines.

Soil: Reaches from very nutritious loess to poor and dry gravel – these differences are taken into consideration during the planting. Accordingly our spicy and fruity white wines grow on the poor gravel and our powerful and rich reds on the nutritious soils.

Organic Cultivation: Our philosophy is to work in unison with nature and the weather; we are obliged to preserve the health and the reserves of our soil for the future generations. Therefore, we started to change to organic cultivation in the vineyards 6 years ago. It was a soft change and with vintage 2018 we started the certification process to get a certified organic winery.

Grüner Veltliner likes loess The wine-growing area, Donauland (Danube) was renamed in 2007 to "Wagram". In this area, 6000 acres of vineyards spread over two very different areas: North of the Danube stretches east, then to the **Kamptal** the actual **Wagram**, a powerful ground level, about 30 km to the east. South of the Danube, are the small wine villages of the Tulln field, but also the historic wine town of Klosterneuburg on the outskirts of Vienna.

ANTON BAUER

Vineyard: 30 hectares (75 acres)

“Falstaff – “Winemaker of the year 2017”

Wine Region Wagram: The Wagram, a 25-mile long and 100 foot high ridge between the towns of Krems and Tulln, consists of thousands of years old gravel sediments from the ancient Danube River.

Soil and Climate: Clay and loess soils predominate with occasional granite formations. These very thick layers of soil allow the vines to develop deep roots, penetrate the ground intensely and, thus are protected against dryness and given accessibility to minerals and sediments. The west-east expansion of the Wagram results in the southern orientation of the vineyards, allowing the vines to stretch out towards the sun. The west-east expansion running parallel with the Danube has further advantages. From the east, the mild Pannonian climate follows the Danube upstream, while from the west and northwest cool air from the Waldviertel flows into the Danube Valley. It is exactly this interplay between warm and cool that makes the wines rich in finesse, multi-layered and ensures an interesting combination of fruit and acidity.

Production: The physiologically ripe grapes are harvested by hand and handled as gentle as possible. When grapes come in from the vineyards they are hand-selected on a sorter belt. A long period of extensive contact with the yeast makes the wines harmonious, ensuring that there is a quality balance between acidity and alcohol. As the wines are bottled relatively late they can mature slowly.

This is Anton Bauer's philosophy: Things need time to develop, and wine needs time as well.

ANTON BAUER

Anton Bauer Grüner Veltliner Ried Gmirk 2019 (Alc.12.5%, RS 2.1 g/l, AC 4.5 g/l)

Anton Bauer Riesling Feuersbrunn 2018 (Alc.13%, RS 5.9 g/l, AC 6.5 g/l)

91pts. “Superripe notions of black cherry are luscious on the nose. On the palate, these notions of ripeness are immediately countered by freshness and a fine-boned, ripe but still delicate body. It is the acidity that lets that cherry fruit shine.” ANNE KREBIEHL MW \$25

ANTON BAUER

Anton Bauer Reserve Pinot Noir 2017 (Alc.14%, RS 1 g/l, AC 5.1 g/l)

A great Pinot Noir with intense notes of herbs and pureed dark berries on the nose. The wine has a typical Burgundy structure with lively soft tannins, a juicy ripeness and an elegant, long finish. This wine will age very well – great to drink now, but with a long future ahead.

WINEENTHUSIAST 94pts. For the 2016 *“Pure, tart red currant on the nose is softened by gentle almond and vanilla notes. On the translucent palate, those same poles manage to unite: the tart, crisp freshness of the fruit and the rounded, fluid softness of the vanilla with a pleasant whiff of smoke. The body remains light, the tannins are silky, and pepper shimmers around the edges. This is harmonious, elegant and poised.”*

ANNE KREBIEHL MW \$59

Anton Bauer Blaufränkisch 2017 “artist” Reserve (Alc.14%, RS 1 g/l, AC 5 g/l)

Dark ruby with nearly opaque core, violet highlights and a thin, transparent rim. Dark berry fruit, black berry jam and dark minerals. A juicy, sweetly extracted core is elegantly wrapped in a harmonious veil of fine-grained tannin. The long finish has textures of dark fruit and notes of gianduja. (Chocolate) Potential for further development and ageing

WINEENTHUSIAST 97pts. Anton Bauer 2017 Reserve Artist Blaufränkisch (Wagram)

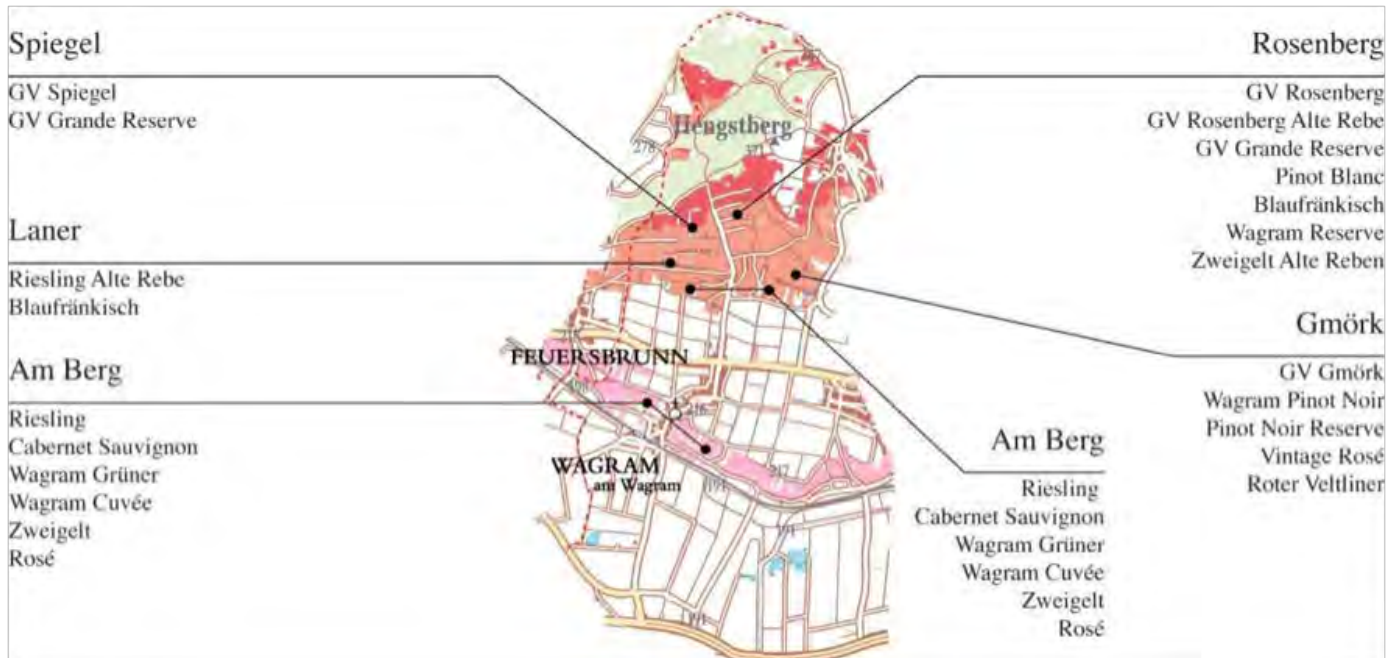

Subtle notes of ripe blueberry need to be shaken awake on the shy nose. Swirling also brings out a note of cinnamon. The dense palate surprises with its inherent, almost cooling freshness and its superfine tannins. This is elegant and poised despite its undoubted power, a wonderfully light touch has revealed the inherent grace of this wine.

Varieties: Grüner Veltliner, Welschriesling, Chardonnay, Pinot Gris, Sauvignon Blanc, Gelber Muskateller, Zweigelt, Blaufränkisch, St. Laurent, Merlot, Syrah, Cabernet Sauvignon and Pinot Noir

Wine Region Burgenland: It is a unique wine-producing region in an Austrian context as the most recognizable wines produced here are based on white and red varieties almost at same level. On top, sweet wines are produced based on the naturally occurring Botrytis Cinerea. This region produces by far the biggest amount of red wine in Austria. This is the reason why it is also unofficially called the red wine quarter of the country. The winery Hillinger is in the north of Burgenland, between the Leithaberg and the lake Neusiedl. This subregion is known for its unique whites and sweets. This can be attributed to the plentiful sunshine and the cooler nights the region experiences which averages of more than 2000 hours per year

Soil and Climate: The primary rock is slate and lime. The perfect vineyards for our Pinot's are limestone and brown soil and for Blaufränkisch on lime. Hot, dry summers and cold winters express fruitiness and retain acidity in the wines combined with the temperature-regulating influence of the lake Neusiedl, guarantees long vegetation periods for full ripeness of grapes. High humidity and autumn fog and drying sun during the day helps to develop botrytis cinerea, which forms the basis for our top quality sweet wines, such as TBA Small Hill Sweet and TBA Hill 3. The success story of the Leo Hillinger wine-growing estate...With a 90+-hectare area under cultivation in Austria, the Hillinger wine-growing estate is one of the largest high-quality wine producers in Austria. Since Leo Hillinger took over his father's small wine business in 1990, he has created a model Austrian business by instigating intelligent structural reforms and ownership of good locations around Jois, Oggau and Rust. His "passionate" commitment has now paid off in more ways than one.

THE PHILOSOPHY OF LEO HILLINGER If the grape material is top quality, less has to be done in the cellar. After many years of experience and numerous experiments I know: The fruit must be perfect and should reach the bottle not having been tampered with."

With innovative products such as the Secco sparkling wine and the Small Hill range (red, white, rosé, sweet), Hillinger has also succeeded in appealing to new, young consumer groups in particular.

WINES & PRODUCTION

The top quality of the wines is guaranteed by the synthesis of ORGANIC vineyard work with state-of-the-art cellar technology. Hillinger has relied on organic wine cultivation since 2010. The high density of the wines is created by consistent work in the vineyard. An average of 4,000 – 5,000 kilograms of grapes are harvested per hectare, which equals approximately 1.5 to 2 kilograms of grapes per vine. Vineyard areas in different locations and with different soils - from black soil to brown soil to clay and slate - allow multi-layered wines to be created.

The wine-growing estate of Hillinger covers 30+ hectares in Rust, 30 hectares in Oggau and 30+ hectares in Jois.

Leo Hillinger Secco Sparkling Pinot Noir "pink ribbon".

It has delicate aromas of fresh strawberries and red berries, which follow through on the palate. The flavors are beautifully balanced with a vibrant and refreshingly **dry** finish. Wonderful as an aperitif to begin a great dinner and evening, pairs very well with Sushi, or serve after dinner with fresh strawberries. Secco also makes a perfect toast!!

Already during his childhood he showed deep interest in viticulture and vinification. During his professional wine education and several practical abroad he expended his knowledge and learned the secrets about making great wine showing the sense of place. At an age of 19, Leo Hillinger went to California and learned the basics about organic treatment in the vineyards and cellar. This builds the fundament for today's success being **100% organic** on more than 90 ha of vineyards.

A very elegant wine"* ANNE KREBIEHL MW \$39

Leo Hillinger Pinot Noir "terroir" 2015

The Pinot Noir Terroir is characterized by a multi-layered, elegant and sophisticated combination of fruit and noblesse, which reflects the origin of the Leithaberg. Medium garnet red, which turns into soft brick tones, releases a fruity, intense scent of strawberries and raspberries and moist stone, which already testifies to the complexity of this wine. The roasted aroma that already penetrates the nose can also be found on the palate, on which the wine continues its fine interplay of strawberry, raspberry and red currants. Fleshy tones mix into this fruitiness, reminiscent of delicately cured Prosciutto.

The Pinot Noir Terroir grows in the Joiser Ried Altenberg - one of the best locations in the region. A two-meter thick, sandy loess layer covers an equally thick layer of gravel with a high proportion of clay. Finally, below is the "Leithakalk" (Lime), through which the vines take their roots in order to get to the water below. Once again, the Leitha Mountains prove themselves in this wine as an exceptional basis for Burgundy. Vineyards: 23 hectares (57 acres)

Wine Region Wachau: A World Heritage site and a landscape that exudes a sense of well-being: This is the Wachau, Austria's most prestigious wine-growing area that certainly boasts an exciting history. Here, the 1,400 hectares of vineyards - some of which are on steep terraces - feature mainly Grüner Veltliner and Riesling. The wine categories of Steinfeder, Federspiel and Smaragd are used respectively for light, medium and full-bodied wines with natural alcohol.

Dürnstein: Situated in the heart of the magnificent Wachau Valley, the charming town of Dürnstein offers the unique combination of breathtaking scenery, traditional architecture, and places of historic interest. The precious village Loiben is world-famous for its wines and wineries.

Soil and Climate: In the post-glacial period, silt sediments were deposited on the mountains, something that, in turn, resulted in the loess soils as well as steep slopes of "Gföhler" gneiss found today. These geological conditions, along with the man-made stone terraces that help facilitate cultivation - despite the steepness of the terrain - are typical of the Wachau landscape. Climatically, two strong, complementary influences converge here: the Western Atlantic and the Eastern Pannonian conditions.

Production: Profound and solid handcraft is the essential background, which results in our wines with distinctive personality. "The highest level of excellence must be the minimum we should expect from these wines." *Martin Mittelbach*

The Mittelbach family's Tegernseerhof, located in Unterloiben, just below Dürnstein, boasts a tradition dating back to the year 1002. The original facilities were built in 1176 by the Benedictine community of the Tegernsee Abbey. For centuries, the abbey was where the Bavarian monastery produced its wine. At the turn of the 19th century, it was acquired by the Austrian Empire and later, it went into private ownership.

Franz Mittelbach and his wife, Mathilde, are the fifth generation of Tegernseerhof owners. Since the 1970s, they have been continuously running the Tegernseerhof as a family business. Today, Martin Mittelbach, the son of Franz and Mathilde, is the current part of this history.

The Tegernseerhof vineyards flourish on stone terraces whose verdant soil plays host to a rich variety of indigenous fauna. Among the best-known, excellent locations and wines are Bergdistel, Hoehereck and Loibenberg (for Grüner Veltliner) as well as Loibenberg, Steinertal and Kellerberg (for Riesling).

Member of the exclusive association "Vinea Wachau", therefore the vinification follows the strict regulations of the "Codex Wachau".

Mittelbach T- Rose Zweigelt 2020

A beautiful hue of watermelon sets just the right tone for this bright, disarmingly fun rosé. Crisp, dry and ultra-refreshing, this light to medium bodied wine exudes an intoxicating perfume of ripe cherry and crushed strawberry. The wine holds its balance throughout the finish, never once striking a confectionery note. A joy to drink and absolutely appropriate anytime

Tegernseerhof T 26 Grüner Veltliner Dürnstein 2019 Federspiel®

The vineyard is called Frauenweingarten. When we tasted this wine the first time in 2006 it was in tank #26. Very aromatic, full of round fruit balanced with crisp acidity. The distinct soil lends a pleasant minerality, while the tropical fruit play is balanced with a white pepper note typical of this varietal. Pairs well with a wide range of foods including Asian cuisine and fish with fresh herbs.

The Bergdistel Smaragd® is a blend of the lower terraces of the different Cru's in Loiben and Weissenkirchen. The combination of coolness, maturity and vitality of this Grüner Veltliner finishes in a shining elegance and full of finesse! Intense, concentrated wine, which packs spice, ripe pineapple and apricots and a final floral character that fills the mouth. Tegernseerhof Grüner Veltliner Loibenberg 2018 Smaragd®

Fuller bodied Smaragd® wines are generally sourced from the lower terraces and are harvested slightly early than much of the rest of the Wachau. Selective hand harvest of ripe and healthy grapes multiple times. Destemmed, skin contact for 12-24 hours, pressed and fermented in stainless steel tanks. Our Loibenberg Grüner Veltliner Smaragd® shows a light creamy texture paired with a long lingering finish. The dense fruit flavors on the palate and its tanginess lead to structure and length and prove that the Loibenberg lives up to its reputation as an exceptional cru for producing complex and aging wines.

Alc. 13.5 % acidity 4.5g/l residual sugar 1.3 g/l

The first mention of Loibenberg is dating back to 1253. At that time, actually with the title "first vineyard in Austria" and in addition also the largest single individual crus of the Wachau. A characteristic of the Loibenberg is that it is not criss-crossed by ditches or valleys. The naked, bare primary rock forms the typical characteristics – however, loess was fanned in some bays and valleys. The varying altitude, changing soil and the small scale structure of the vineyards makes the Loibenberg one of the most inhomogeneous crus of the Wachau.

Tegernseerhof Riesling Dürnstein 2018 Federspiel®

This dry Riesling from the terraced hillside vineyards in the prestigious Wachau is the kind of wine that makes red-wine-only drinkers change sides. The kind that convinces non-Riesling-drinkers that they were wrong. It's that good. This Federspiel Riesling is one of the most versatile wines in the world. A great dry Riesling, which goes with everything except dessert.

Tegernseerhof Riesling Steinertal 2017 Smaragd®

"The north wind blows cold air at night on the terraces that build up like giant rows of veteran almost symmetrically upwards. A cover of soft sand runs through the vines and enables optimum living conditions. Born into this environment, the Riesling Steinertal is presented as a sensitive artist. It is characterized by fragility and a classy white while drinking occupies many different roles. At times strictly and salty, sometimes with gentle peach tones. Each sip creates new associations on the palate. A great cultural experience in several acts, composed from his own grapes" Martin Mittelbach

2017 **WINEENTHUSIAST** THE WORLD IN YOUR GLASS **94 pts.** "Vivid citrus notes fill the nose. There is candied lemon and lemon oil on the nose, with a riper hint of Mandarin orange. The palate is wonderfully tart, lemony and concentrated. This packs a lovely punch and still has a pleasant yeastiness at its core. Dry, zesty and sassy with a lovely bergamot hint on the finish."

Tegernseerhof Riesling Kellerberg 2019 Smaragd®

A fruit explosion with spiciness, power and elegance at once. Longevity is guaranteed and shown in tension, in the remaining long aftertaste and with its unbelievable precision. It tempts you with its aristocratic charm and captivates within the first sip.

Alc. 13 % – acidity 6g/l – residual sugar 5.5g/l

WINEENTHUSIAST THE WORLD IN YOUR GLASS **95 pts.** "A flinty touch of reduction accompanies the lemon notes on the wine's nose. The palate comes with immediate clarity and brightness that underlines the vivid citrus freshness at the very core. What is a "Smaragd"?

the highest of the three quality categories in the Wachau

Smaragd is the name for the best, most treasured wines from the Vinea Wachau members. The alcohol content of these wines begins at 12.5% by volume.

This, along with the highest grape ripeness and natural concentration, are what make this world-class designation possible. Emerald-colored lizards – also known as Smaragd - are at home in the terraced vineyards of the Wachau. SINGLE VINEYARD SPARKLING WINE – Grosse Reserve

Riesling Heiligenstein Grosse Reserve Sekt 2015

Heiligenstein is one of the most famous Riesling vineyards in the world. The steep terraces and „Urgestein“ are the perfect recipe for a great Riesling. This single vineyard sparkling wine is characterized by pure minerality, deep fruit nuances of stone fruit, tremendous density and highly delicate bouquet. The base wine was matured in large neutral oak casks, giving sufficient rest period on the lees. A zero dosage lets all those delicate flavors shine through a perfect elegant fine mousse. The press in Austria wrote: “Karl's Heiligenstein Sekt starts where Champagne stops.....delicat and exceptional“

Steininger Sekt individual and exciting

Every year is different; this makes our work so exciting!

Producing wine is a challenge every year. More than a hundred steps create the wine. We try to work very careful in the vineyards at all times, so we can harvest each year healthy and ripe grapes. Each vine absorbs the impressions from nature and gives the wine its personality.

Our philosophy is to make wines, which show the fruit and the character of the grape. We love the stylistics, which we receive because of the cool climate and the terroir of the Kamptal – the flavors are clear, proud and expressive.

The Steininger Sekt starts out with high quality base wines and then the effervescent (bubbles) in the finished Sekt elevates the character

of each grape, the terroir and will give you the ultimate experience. (Karl Steininger)

New three-tier pyramid emphasizes grape origin and maturation on lees

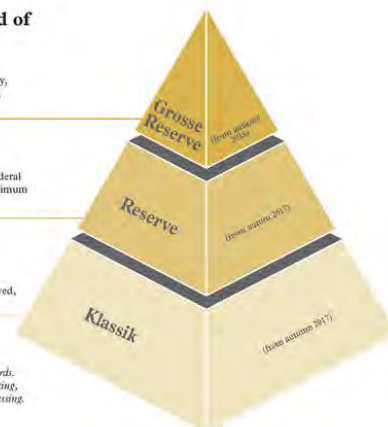

Three-tier Quality Pyramid of Austrian Sekt g.U. (PDO)

Grapes harvested and pressed in a single municipality, exclusively traditional bottle fermentation, minimum of 30 months maturation on the lees

Grapes harvested and pressed in a single Austrian federal state, exclusively traditional bottle fermentation, minimum 18 months maturation on the lees

Grapes harvested in one Austrian federal state, all methods suitable for sparkling wine production allowed, minimum 9 months maturation on the lees

Each level encompasses further quality assurance standards. The focus here includes the work in the vineyard, harvesting, hand picking, picking height, rate of yield and gentle pressing.

Steininger Kraftvoll Grüner Veltliner - Twany Port style

"In 2013 we produced a wine according to the port wine method - a so-called „fortified wine“ (according to Austrian wine law: liqueur wine). In order to take an independent Austrian way, we chose the grape variety Grüner Veltliner for our „Kraftvoll“, which means „powerful“. The fully ripe and healthy Grüner Veltliner grapes are harvested at the end of September. After about a week we stop the fermentation with our own produced Grüner Veltliner brandy vintage 2010. Then the Kraftvoll can rest and develop for 5 years in the barrel. The alcohol combines with the sugar and the wine gets its own full-bodied character through the oxidation in the barrel." Weingut Heinrich Hartl III is located in the Thermenregion in Lower Austria, a sun-rich district south of Vienna. The area is influenced by both the Pannonian and Continental climatic zones. Here the summers are relatively warm and dry, but the winters are cold. The scraggy soils of the 40-acre estate are dominated by fast-draining limestone in Steinfeld (Oberwaltersdorf) and by shell limestone on brown earth in Pfaffstätten and Gumpoldskirchen. Rotgipfler, a regional specialty, together with St. Laurent and Pinot Noir, are the estate's flagship varieties. Five generations of the Hartl family shaped and formed the estate before responsibility was handed over to the 20-year-old Heinrich only 11 years ago. In recognition of his role and achievements, the winery is now known by his name. »Heinrich Hartl is one of Austria's real rising stars – an exciting and considered young winemaker, who is producing very elegant, individual and expressive wines from relatively unusual local grape varieties, such as Rotgipfler and St Laurent.« Ken Mackay MW, Chef-Wine Buyer at Waitrose/UK. In terms of landscape, geology, and climate, the Thermenregion is comparable with Burgundy. The similarities extend further: in both regions' winemaking was promoted throughout the Middle Ages by religious orders of monks. Discoveries from Roman and even Celtic periods reveal, however, that the region's winemaking history extends back at least two millennia.

The Thermenregion: Extraordinary wines from autochthonous varieties.

Heinrich Hartl's Vision? *"I want to bring Rotgipfler back to the world stage, it's a unique treasure found only in the Thermenregion. And I want to produce one of the best Pinot Noirs in Austria. Pinot Noir represents the greatest possible challenge for a red wine maker."*

Hartl's path is distinctive, his wines are unmistakable.

Marie-Sophie Lodron's Vision: *"I believe in the future of winemaking in Austria and the Thermenregion. There's still enormous potential here. We're only just getting started at our winery. The white wine sites in our region are fascinating and Rotgipfler is a variety that flourishes here. It will have an exciting future, well beyond our borders. You'll hear a lot more from us!"*

Fresh and cool aromatics characterize the winery's white wines. Alongside their beloved Rotgipfler, Heinrich and Marie-Sophie are dedicated to making Traminer, Sauvignon Blanc and Muskateller – because of their desire to produce niche wines and because of their fascination with these varieties.

The red wines are full-bodied and elegant in equal measure.

Pinot Noir and St. Laurent are the leading varieties.

Varieties: Blaufränkisch

Wine Region Eisenberg / South Burgenland: This is probably the most unspoiled wine landscape of *Burgenland*, with some 498 hectares of vineyards stretching from the town of Rechnitz in the north, to Güssing in the south. Authentic red wines are produced here, predominantly from Blaufränkisch that display subtle mineral spicy notes.

Soil and Climate:

Production: Authentic wines from an authentic region. The winegrower Mathias who stays true to this principle leads the winery Jalits. "On the Eisenberg, we greatly benefit from the ideal circumstances for pressing incomparable wines which are typical for the region", says the winegrower. Mathias Jalits has found his own style: his wines are powerful, marked by the Eisenberg's minerality. "We focus on enhancing the traditional and we avoid making daring experiments. However, this doesn't mean that we completely reject new ideas and innovations. The traditional can always change for the better but one should never lose sight of the region's strengths", says Mathias Jalits about his philosophy. "Those who enjoy a wine that carries the name Jalits should have a taste of the South Burgenland - mineral, powerful, full of finesse. We see wines as worldwide ambassadors and our products should embody what is typical for our region: a down-to-earth mentality, honesty and authenticity."

Frizzante describe the level of effervescence (i.e. the strength of the bubbles) in a bottle of sparkling wine.

Wines labeled 'frizzante' are what we call gently sparkling. Frizzante wines have between 2.5 and 3.5 bars of atmosphere/pressure while Spumante, most Prosecco's and Champagne are usually between 5 and 6 bars.

Frizzante wines are known as 'Perlant' in French and as 'Perlwein' in German. Prosecco is probably the most well-known frizzante wine style, but most Prosecco wines usually are made fully sparkling (spumante)

Paul D Zweigelt 2018

Very aromatic with lively violet and red raspberry aromas, soft jammy red berry fruit up front and a lush mid-palate of fresh prickly berry fruit. Very clean, spicy and pure with fresh acidity through the finish. Reminiscent of young Cru Beaujolais, only with more fruit and tannins. This would make a great house red with your favorite comfort foods including meatloaf, spaghetti and casseroles, or bring a bottle to your next party and turn your friends onto the new wave of Austrian red wines – Zweigelt!!

!!NEW!! Wanted Grüner Veltliner

250ml cans - 4pks (6-4pks/case = 24 cans)

“Wanted” GV cans Dry and crisp, citrusy wine showing hints of green apple. Great with seafood, salads, white meat, fish and sunshine. Perfect for the beach, the pool, going to a picnic, your deck or backyard. Any time or place, when you need a refreshing glass of wine pop this delicious “Grüner” can and enjoy!!

“Yes, Austria is a white wine country and we are known for Grüner Veltliner. So we decided to put this delicious juice from Paul Direder in a can. This is the same quality Grüner we have become to like so much over the past few years. When you open this can you’ll get a pop and the first sip is a little frizzante due to the total closure of the can. So I suggest you’ll still pour this in a wine glass if possible, wait for just a minute and that natural Co2 will blow off. Or drink straight out of the can and you’ll enjoy a frizzante Grüner at first. Refreshing and crisp with the typical white pepper finish.” Klaus Wittauer

Falstaff Grüner Grand Prix winner 2017

Winery Ruttenstock Main street 21 A-3743 Röschitz Lower Austria

A well-earned victory in the most important category: **Grüner Veltliner**

Mathias Ruttenstock, 4th generation winemaker in Röschitz in the Weinviertel region of Austria. He has been in charge of the winery since 2011, following the footsteps of his father, grandfather and great grandfather. Mathias gained his experience by working with Anton Bauer in the Wagram and through internships at Roman Pfaffl and Julius Klein. Falstaff Magazine awarded his Grüner Veltliner DAC Classic 2016 the prestigious Grüner Veltliner Grand Prix 2017 prize. The vineyard is small, with only 42 acres and a total production of 80,000 bottles. The vast Weinviertel stretches from the Danube valley in the south to the Czech border in the north, and from the Manhartsberg in the west to the border of Slovakia in the east. The Weinviertel is mostly known for Grüner Veltliner and the first DAC in Austria. If the label reads **Weinviertel DAC** it is always **100% Grüner Veltliner**. A highlight of the western part of Weinviertel is the area around the historic wine-trading town of Retz, with its labyrinth of underground wine cellars.

Green pear and zesty lemon make for a very refreshing nose. This zippy style carries right through on the slender light palate where a little spritz keeps everything lively. A touch of white pepper fizzles on the dry finish.

Strauss
VULGO SCHOPPER

The Strauss wine estate started in 1810 under the name “Schopper”. In 1948, Karl and Johanna Strauss took over the business, which their son Karl, who graduated from the Fruit and Wine Growing College in Silberberg with great distinction, carried on. Karl’s two sons Karl jun. and Gustav play an active and successful role in the business. Karl jun. is a business graduate and is responsible for logistics and administration. Gustav, having studied at the college in Silberberg like his father, and now a master winegrower, is in charge of the vineyards and winery, a function he performs with great flair and success.

The Strauss wine estate, whose high-quality products are already well known and widely appreciated beyond the region’s borders, is located in Steinbach, near Gamlitz. The enormous Gamlitzberg is the largest single wine-growing area in southern Styria.

The Strauss vineyards are located on ideal south-facing slopes with perfect climatic conditions and optimum soil properties, producing grapes of the highest quality.

Steindorfer Special order

Vineyards: 10 hectares (24.7 acres)

Wine Region Neusiedlersee: Great sweet wines - velvety reds. The eastern shore of Seewinkel on lake Neusiedl, between Illmitz and Apetlon, offers perfect conditions for all levels of sweet wines due to the warm, shallow lake and its special, highly humid microclimate, which encourages the formation of noble rot. On the other hand, the light soils shape the character of the wines and promote the quality wines from their village, Apetlon. The vineyards that belong to Steindorfer are also found on the lakeshore.

The Pannonian Climate: Hot dry summers and cold winters along with the temperature-regulating influence of Lake Neusiedl, bring about long vegetation periods. High humidity and autumn fog contribute to the development of botrytis cinerea, which is the basis for top quality sweet wines, such as Beerenauslese (BA) and Trockenbeerenauslese (TBA).

The Soil and Different Grape: The highly diverse soil structure, from loess and black earth to sediment and sand, allows a wide range of vines to thrive. Apart from the leading white varietal, Welschriesling, mainly Weissburgunder (Pinot Blanc) and Chardonnay, as well as aromatic varieties, are found in the area. Red varieties planted here are Zweigelt, Blaufränkisch, St. Laurent and Blauburgunder (Pinot Noir) as well as newly added international varieties. Whether fruity and charming or matured in barriques, from ungrafted vines or as cuvée blends, the red wines of the Neusiedlersee region are clearly on the track to success.

Production: In Burgenland, you will find more and more red varieties being planted. Ernst Steindorfer has produced numerous award winning red wines for many years.

Steindorfer Pinot Gris Fuchsloch 2019 Finesse!

Very fruity nose of ripe pears, banana and aromatic pineapple. On the palate it has a good structure and balance with fragrant notes in the finish – a delicate wine with great power and a wonderful future.

Steindorfer Chardonnay Golden Cut 2017 Extraordinary personality!

The bouquet is a lovely mix of caramel, vanilla and exotic fruits. On the palate filled with a creamy, brilliant richness and playful minerality.

Alc. 13.5% – acidity 4.6 g/l – residual sugar 2.2 g/l

WINEENTHUSIAST 92pts. *“Vanilla, smoke and hazelnut make for a toasty aroma on the mellow, smooth nose. Underneath that lurk slightly funkier notions of yeast, butter and apple peel. The palate is as creamy as the nose promised, as lactic as those buttery notes suggested, yet there is a freshness at the core. This ultrarich wine should appeal to lovers of oaked Chardonnay.” ANNE KREBIEHL MW \$55*

Steindorfer Apetlon Rouge 2017/18

The Apetlon Rouge is a Cuvée of 40%BF, 30%SL and 30%ZW.

The palate is juicy, bright, marvelously fresh and sinuous, portraying this vibrant, pleasantly tart fruit against a backdrop of tannins that seem to have the crunch of Atlas silk. This is fresh-faced, honest and dry.” ANNE KREBIEHL MW \$20*

Steindorfer Blaufränkisch Reserve 2018

48-year-old vines from the single vineyard Römerstein give this Blaufränkisch structure and complexity. Deep black berry fruit and soft tannins balance beautiful black pepper spices. The finish is very long, smooth and silky with some of the spice and fruit returning.

Alc. 13.5% – acidity 5.5 g/l – residual sugar 1.3 g/l

WINEENTHUSIAST 91pts. *“Cinnamon and blueberry pie notes rise aromatically from the glass. The palate comes in with smooth, textured roundness and fine, tight but ripe tannins. There is more resonance of blueberry and that warming cinnamon spice while freshness highlights these aromatic nuances.” ANNE KREBIEHL MW \$34*
