Paul Direder Wagram Bee Natural Gemischter Satz 2022

Certified sustainable - Austria.
Practicing organic; will be certified in

Highlights Full Story Vineyard Cellar

Region: Niederosterreich **Sub-Region:** Wagram

Varietal: Gruner Veltliner, Muller-Thurgau, Riesling, Fruhroter Veltliner
Color: WHITE

Gemischter Satz is a field blend, that is, several varieties that are grown together, harvested together, and vinified together.

Here, Paul D blends two indigenous Austrian varieties - 36% each of Gruner Veltliner, and the much-less known Fruhroter Veltliner, along with Riesling (5%) and Muller-Thurgau (23%).

Frühroter Veltliner is becoming more rare; it is a crossing of Roter Veltliner and Sylvaner. The berries have a red tinge.

Highlights Full Story Vineyard Cellar

Paul Direder, aka Paul D, started leasing the estate from his grandparents at the age of 16, with the help of his mother. The farm has been in the family since 1849, when it was run by Paul D.'s great-great-grandfather, Leopold Direder. Leopold mostly practiced traditional agriculture, which is to say, multiple crops were planted. Even at that time though, 10 of the 86 acres were devoted to vines. The estate now produces about 80,000 bottles annually.

Paul has since studied all aspects more formally: he graduated with a degree in viticulture and oenology as well as agriculture. He has farmed sustainably since he took over, and started working organically in 2020. The winery will be certified organic in 2024, after the officially required period. He pours his passion and love into the wines.
