

Vineyard: 13 ha (32 acres)

Varieties: Blaufränkisch

Wine Region Eisenberg / South Burgenland: This is probably the most unspoiled wine landscape of *Burgenland*, with some 498 hectares of vineyards stretching from the town of Rechnitz in the north, to Güssing in the south. Authentic red wines are produced here, predominantly from *Blaufränkisch* that display subtle mineral spicy notes.

Soil and Climate:

Production: Authentic wines from an authentic region. The winegrower Mathias who stays true to this principle leads the winery Jalits. "On the Eisenberg, we greatly benefit from the ideal circumstances for pressing incomparable wines which are typical for the region", says the winegrower. Mathias Jalits has found his own style: his wines are powerful, marked by the Eisenberg's minerality. "We focus on enhancing the traditional and we avoid making daring experiments. However, this doesn't mean that we completely reject new ideas and innovations. The traditional can always change for the better but one should never lose sight of the region's strengths", says Mathias Jalits about his philosophy. "Those who enjoy a wine that carries the name Jalits should have a taste of the South Burgenland - mineral, powerful, full of finesse. We see wines as worldwide ambassadors and our products should embody what is typical for our region: a down-to-earth mentality, honesty and authenticity."
