

WEINGUT STEININGER

Cabernet Sauvignon Rosé

2019

vineyard: all around Langenlois

soil composition: Loess and clay

elevation: 718 ft

exposure: south-east

average age of vines: 15 years

varietals: 100 % Cabernet Sauvignon

farming practice: sustainable Austria

wine production

harvest time: begin of October

maceration: 12 hours

fermentation: We don't use only the first pressing juice for our Cabernet Sauvignon Rosé, because all of the juice influences the character of the wine. We harvest the grapes at the beginning of October. The grapes are gently squeezed, filled with the crests into the press. After twelve hours of skin contact, they are slightly pressed.

ripening: 3 months on the lees in stainless steel tanks

alcoholic content: 12,5 %vol.

total acidity: 6,6 g/l

residual sugar: 3,8 g/l

potential: 2019 – 2022

tasting notes

Pale rosé; an elegant mix of flower, fruit and tender vegetable in the nose. On the palate you taste raspberry, blackcurrant and a hint of flower, very good balanced, fresh but also full of character until the finish.

food pairing

Perfect for a hot summer day, but also for fish, light or vegetarian dishes.

ideal temperature to drink: 45–50 °F

Vegan Wine

WINERY STEININGER

Langenlois. Kamptal. Austria.
