

## GRÜNER VELTLINER

### Kittmannsberg Kamptal DAC Reserve 2016

Langenlois /Kamptal/Austria

A full bodied Grüner Veltliner, a touch of herbs with delicate fruit of ripe yellow apple, white pepper and spice on the pallet with a long finish. Great ageing potential.

**Serving suggestion:** veal, pork, chicken, rabbit and turkey

**Vineyard description:**

The single vineyard Kittmannsberg is one of the highest vineyard sites in the Kamptal, located west of the town Langenlois. It is shaped like a wide bowl and opens towards the southeast into the Langenlois basin. This characteristic is responsible for its autonomous microclimate and allows longer ripening periods. The soil consists of loess-loam with a high content of clay, which can be very chalky in some places.
