

# Steinertal Riesling Smaragd®

Love at the 2nd sip? ... Or play all facets of art with Riesling, noble and almost fragile. This crus polarizes in every respect, and most clearly left its mark from all crus of the Wachau!

# Steinertal

Pure, originary primary rock weathered soil with a fine, washed sand layer on top - gneiss in its purest form - the cold north wind currents at night - a massive rock formation in the West - the Pfaffenberg in the East - in between, cauldron-formed terraced stone walls , as a natural amphitheater - to stage only their own compositions! The head of Janus - Steinertal presents itself taut, strong, salty ... ..
