Wachau – Martin Mittelbach

- vineyards** 23 hectares (57 acres) – 50 % Terraced Vineyards
- varieties** 70 % Grüner Veltliner , 25 % Riesling, 5 % others and Sweet Wine
- wine region wachau** A World Heritage site and a landscape that exudes a sense of well-being: This is the Wachau, Austria's most prestigious wine-growing area, certainly boasts an exciting history. Here, the 1,400 hectares of vineyards - some of which are on steep terraces - feature mainly Grüner Veltliner and Riesling. The wine categories of Steinfeder, Federspiel and Smaragd are used respectively for light, medium and full-bodied wines with natural alcohol.
- wine village duernstein/loiben** Situated in the heart of the magnificent Wachau Valley, the charming town of Duernstein offers the unique combination of a breathtaking scenery, traditional architecture, and places of historic interest. The precious village Loiben is world-famous for its wines and wineries.
- our soil and climate** In the post-glacial period, silt sediments were deposited on the mountains, something that, in turn, resulted in the loess soils as well as steep slopes of "Gföhler" gneiss found today. These geological conditions, along with the man-made stone terraces that help facilitate cultivation - despite the steepness of the terrain - are typical of the Wachau landscape. Climatically, two strong, complementary influences converge here: the Western Atlantic and the Eastern Pannonian conditions
- production** Profound and solid handcraft is the essential background which results in our wines with distinctive personality. "The highest level of excellence must be the minimum we should expect from these wines."
